- **Easy to Move** ergonomic top handles, rounded corner bumpers and multi-directional non-marking wheels
- **Silent Charging** with unique ventilation system and built-in heat sensor
- **Support for Life** with Lifetime Warranty (5 years electrical), ships fully assembled

1.

Ergonomic wide grip ABS handles for light touch easy movement.

2.

Dual point locking system, with keys provided, to secure at the top and bottom of both device and power compartment to prevent theft, damage or tampering.

3.

Inset coloured door handles prevent protruding parts eliminating breakages.

4.

Concealed lever unlocks rear power compartment to enable clear access to cables and AC adaptors when required.

5.

Sliding shelves manufactured from indestructible ABS with non-slip coating to prevent devices moving during transit.

6.

Specially designed sliding device storage shelf includes integrated twisting cable clips to keep devices in place and free from damage.

7.

Well placed vents allow constant air circulation.

8.

Separate secured power compartment for ultimate safety and security

9.

Individual AC adaptor pockets are specially designed to keep cables organised and free from damage.

Rounded corners fitted with rubber corner bumpers and extrusions for shock absorption to prevent damage to walls and devices inside.

Fitted with large all directional swivel, non-marking hospital grade rubber wheels (2 braked).

Large L shaped doors open wide for easy access to devices and cable management compartments.

Built-in heat sensor will shut off power if a device overheats or if interior temperature reaches 32C/90F degrees to prevent risk of fire or damage to devices.

Silent ventilation system includes a uniquely designed weldmesh base to keep devices cool with constant air circulation without the need for a noisy fan that can spread germs.

Charges all devices simultaneously. Power 7 Management System manages the power consumption to ensure power surges do not occur and all devices charge efficiently. Power 7 features a sophisticated timer allowing three different charge schedules a day, 7-days a week. Power strips turn on one at a time, 1.5 seconds apart to provide inrush surge protection.

Cable clip portholes feed cables from back power compartment to front device compartment, preventing cables being removed with the device.

IEC socket with 1.8m / 6ft power cord designed to snap out if pulled away from the wall to prevent damage.

About LapCabby

LapCabby has been developing innovative products that our customers love for the last 20 years.

We make portable storage trolleys and charging solutions for laptops, tablets, e-readers, Chromebooks and netbooks.

It's the smart way to keep tech safe, charged, and in one secure place.

We've included some really ingenious features to ensure our products do everything you need them to - and a little more besides.

Our trolleys are used everywhere, from Education, Health Sector, Local and State Government and Corporate, so whatever you are, our products are sure to make a difference.
