1. Industrial grade digital combination lock secures each compartment. In case a user forgets their code to the digital lock or access to a compartment is needed, a three-tiered security system with a User, Technician and Master Code level can override if necessary.

2. Weight bearing L-shaped feet are fitted to the base of the unit to ensure air circulation and easy cleaning.

3. Locker has 2 x 5-way power strips installed, 1 per compartment, designed and manufactured in-house.

4. IEC socket with 1.8m / 6ft power cord designed to snap out if pulled away from the wall to prevent damage.

5. Perfect for use in busy common areas such as cafeterias, breakout zones, gyms, locker rooms and staff rooms. Built to commercial grade furniture standards, passing tests for durability, stability and weight bearing loads for high impact usage. Tested to comply with Healthcare Infection Control Procedures to ensure unit can be cleaned thoroughly, according to healthcare guidelines, preventing the spread of infection.

Lyte 12mm gray MDF fixed shelves.

7. Silent ventilation system includes side and rear vents to keep devices cool with constant air circulation without the need for a noisy fan that can also spread germs.

8. Devices sit horizontally within individually secured yet roomy compartments to protect the devices during charging.
