

Deposit Boxes

Designed to fit discreetly under a shop or bank counter, Robur Deposit Boxes allow cash to be quickly secured simply by dropping it through the slot. More secure than any cash drawer, these Deposit Boxes are particularly useful for busy retail environments taking in a large amount of high denomination notes.

Several different models are available, with key lock and digital lock options available. All Deposit Boxes are constructed from robust 3mm steel, while the deposit chute is reinforced and protected against fishing attacks.
