- High quality & stylish Swedish design
- 60 minute fire rating for documents
- Fire Test: UL 72 Class 350
- Ideal for offices
- Medeco key lock as standard
- Digital lock upgrade available
- Choose from a variety of internal fittings

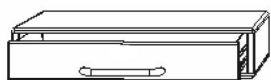

Providing an impressive 60 minutes of certified fire resistance, Robur RBD Cabinets are an ideal choice for any office looking to organise and protect a large amount of paperwork.

Based on the Fireking International Storage Cabinet, these units are tested and certified by the Underwriters Laboratory of America. During testing, they are subjected to temperatures approaching 1000° Celsius. To meet the Class 350 standard, the internal temperature of the cabinet must not rise above 177° Celsius, the temperature at which paper will begin to char.

A secure Medeco key lock provides protection against picking and drilling, keeping documents safe from casual theft. Ideal for binders, box files and other awkwardly-sized document storage solutions, RBD cabinets are available with a wide range of internal fittings. These range from additional adjustable shelves, extendible shelves and filing frames to a high security digital lock.

Finished in a scratch-resistant powder coat, these cabinets provide both style and peace of mind for any office.

## Optional Extras

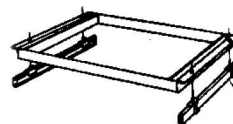

Drawer

Sliding Shelf

Extra Shelf

Sliding Frame

Digital Lock
