

## RDD 2 Hour Fireproof Cabinets

- Protect and organise documents
- High quality & stylish Swedish design
- Maximum protection for files and papers
- Fire Test: NT FIRE 017
- Ideal for offices
- Secure double-bitted key lock
- Digital lock upgrade available
- Optional slide out filing frame

A good choice for smaller offices, Robur RDD 2 Hour Fireproof Cupboards occupy less space than typical 2 door record cabinets while also providing a very high level of fire protection for their contents.

Tested and certified by SP in Sweden, these cabinets protect documents and papers for up to 2 hours, even in temperatures exceeding 1000° C. A special fire-retardant material in the doors and walls keeps the internal temperature of the cupboard below the combustion point of paper. You can be certain that your documents are protected, even in the very worst of fires.

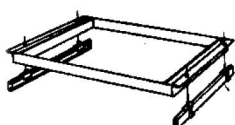

The single door on the RDD cupboard is secured by a secure double-bitted key lock. More secure than a typical cabinet lock, this resists attempts at lock picking and will see off any casual attempts at theft.

Perfect for storing binders, folders and box files, the RDD is available in two sizes. Shelving is included with both and an optional A4 filing frame provides additional versatility. The scratch-resistant paint finish will suit any office perfectly.

## Optional Extras

Extra Shelf

Sliding Frame

Digital Lock
