- Valuables Insurance Rating: €50,000
- Fire Rating for Paper: 30/60 minutes
- Fire Test: EN 15659 LFS

An ideal safe for the home, the Robur S2 combines fire and burglary resistance in a single great value unit. Fully tested and certified, the S2 carries a €5,000 cash rating as per the EN 14450 standard. During this test, the safe is subjected to attack by expert safe breakers using a range of tools. Its anchoring system is also tested to ensure it properly secures the safe.

The safe's fire resistance has been tested to the EN 15659 standard, making the S2 ideal for documents and papers such as birth certs, financial statements and passports. Even in temperatures approaching 1000° C, these items will be protected for between 30 and 60 minutes (see each safe's fire rating for a precise figure).

A high security key lock is fitted as standard with an electronic lock available as an optional upgrade. The safe door incorporates a live relocker which seals the safe if an attempt is made to drill into the lock or door in order to manipulate the opening mechanism.

Available in a range of sizes, each of which includes shelving.

Specifications

30 MINUTE FIRE RATING

MODEL	EXTERNAL DIMENSIONS	INTERNAL DIMENSIONS	SHELVES	VOLUME	WEIGHT
320	315 x 445 x 440mm (HxWxD)	185 x 334 x 290mm (HxWxD)	1	18L	52kg
